Adding Boats / 4 Days Policy

Issued March 30, 2011

The Fishing Tournament Database has provided the opportunity to advance towards a more systematic and efficient approach to serving registered organizations and individuals with fishing tournament processes. Most recently, this includes requests by organizers to amend the policy of adding boats prior to a tournament. After careful consideration, an amended policy is now in effect. As detailed below, the adding of boats will not alter or affect existing reservations but will offer a more streamlined approach to communicating requests, submitting payments and ensuring all organizers have equal opportunity for adding boats in a tournament.

Effective immediately:

- Tournament organizers may make a request to add boats **up to (4) four days** prior to a scheduled tournament.
- An email must be sent by the organizer to fishingtournamentadm@dnr.in.gov in order to request the increase (no phone calls please).
- All requests to add boats will require a tournament permit and will be on a first come, first serve basis according to when the email is received. The request to add boats cannot exceed boat totals for the reservoir.
- A confirmation email will be sent to the organizer confirming the reservation or number of boats requested & the minimum payment required.
- An amended permit will be sent via email to the organizer or individual as well as the property manager each time there is confirmed change to increase the number of boats.

To ensure you receive the amended permit before a scheduled tournament, we must have a valid email address on file. If you have not done so already, it is important that you provide an email address to fishingtournamentadm@dnr.in.gov.
